Well, although there's a Bunka Festival chapter

Speaking of my Bunka Festival

I was in the Arts Club during middle school, so in order to produce the festival banner, my summer break consisted of mostly memories I'd rather crush.

The cloth for that banner was really huge.

It was about the size of a swimming pool

As for my high school Bunka Festival

I don't know what my own class did!

Why? I sneaked off during preparations and during the Bunka Festival day itself!

I was playing games with friends in an empty classroom!!

Youth... Is Good!
